The website located at www.cardguardian.com (the "Website") is operated by Company (Company may hereinafter be referred to as "us," "we," and "our"). Company has created this privacy policy to demonstrate our firm commitment to the privacy of our visitors and customers. Company is committed to respecting your privacy and recognizing your need for appropriate protection and management of personally identifiable information you share with us (the phrases "personally identifiable information" and "personal information" mean any information by which you, individually, can be identified, such as your name, address, telephone number, etc.). If you choose not to give us your personal information at all, you can still access the Website; however, you will not be able to access areas that require registration or personal information.

Alert messages

Your financial institution determines what types of transactions will generate a text message. You will receive alerts sent to your cell phone (or other SMS text messaging device) for enrolled Visa, MasterCard, or ATM cards. The number of alerts you receive will be based on your card usage and settings determined by your card issuer. You will not receive more than one message per transaction on each enrolled card. Before alerts can be sent, you must confirm your enrollment by successfully texting your enrollment code provided by the *smsGuardian* website when setting up a device. A text message may describe how to respond in order to block your card from use. If you reply as described, the card will be blocked from future use and you must contact your card issuer to have the block removed. If a message exceeds 160 characters you may receive multiple texts to get the complete message. Replying to a text with the word "STOP" will cancel all subscriptions to that mobile device for all enrolled cards. You may reply to a text with the word "HELP" to receive service information

Mobile devices

You can sign up to receive messages on up to ten devices. The cell phone or mobile device must have the ability to send and receive text messages and the use of "short codes" must not be blocked. Short codes are special telephone numbers, often five digits long, which are used to send text messages from mobile phones. You are responsible for any text messaging fees from your carrier, message and data rates may apply. Additional fees may apply from your card issuer. This service is available for the following carriers listed at: <https://www.cardguardian.com/CardGuardian/carriers.do>

Enrollment details

Enrollments will be good for a period of one year. You will be notified prior to expiration of your *smsGuardian* account and may text a reply to renew. Changing your mobile service provider will require you to re-enroll your mobile device in the *smsGuardian* program.

More information

For questions regarding your mobile device or cellular phone please contact your mobile service provider. If you need assistance with the *smsGuardian* service please contact your card issuer. For unauthorized transaction assistance, please refer to the contact information provided under the "Contact Us" section of this site.
